Breastmilk Labeling Lids

Effortless tracking and labeling of pumped breastmilk

Compatible with Medela polypropylene breastmilk bottles
Breastmilk Labeling Lids
Simple and secure!

*Track when milk was pumped or use as “feed by” day for other caregivers.*

1. Screw lid onto breastmilk bottle.
2. Pull up on outer ring to unlock.
3. Twist to day and time.
4. Push outside of lid to lock into place.

Cleaning Instructions

1. Prior to first use, bring water to a boil and place lid in boiling water for 10 minutes.

2. For regular cleaning, wash on top rack of dishwasher, place in boiling water for 10 minutes or steam clean in the microwave using a Quick Clean™ Micro-Steam™ bag. To hand wash, rinse in cool water to remove breastmilk, wash in warm soapy water and rinse with clear water. Air dry in clean area and store when not in use. Do NOT store wet or damp parts.

Note:
- Breastmilk labeling lids are not intended for use with glass bottles or non-Medela bottles.
- Lids may become damaged if dropped.
- Do not use if components become damaged.
